

Creative Storage Ideas

Pulling your hair out with
Old School Storage?

Can't leave pupils
unattended?

We've got the answers!

Shouldn't resources be kept right where you want to use them?
Saving time and keeping you with your class!

We design and make everything here in the UK and sell direct to schools.
Better products at better prices from a company that's been around for 30 years.

Welcome to Ri

Ri is proud to introduce our comprehensive range specifically designed for schools.

Our innovative products are used in most school settings - classrooms, libraries, playgrounds and kitchens are just some.

From £63*

From £8.50*

TROLLEYS & BAGS

Lugging equipment and resources around? Why not use our trolleys and bags?

see page 17

*All prices subject to VAT & delivery

Cabinets

ESS Outdoor Steel Cabinets

Surely, keeping all your resources well organised and where you want them shouldn't be a challenge?

So many schools suffer overflowing cupboards and remote, flimsy sheds.

There is an alternative - Use empty wall spaces for secure, convenient, spot storage.

Our cabinets ensure equipment is right where you need it, organised and easy to access.

We help with outside storage of anything - from early years resources, playground kits, gardening tools to wellies! Time to reduce pressure on your internal space.

Ri steel cabinets are galvanised so last for years, fire resistant, come in a range of sizes and are available in Blue, Green or Grey with two shelves (only one shelf for the ES800).

Our high security, multi point, anti-lever locking system keeps your valuables safe and dry.

Extra shelving, hook sets and castor kit options help you build the flexible storage you need too!

ESS cabinets are also a great space saving solution for school kitchens, allowing out of hours deliveries and storage for returns of dirty food containers.

We have cabinets with a bunded base for storage of cooking oil and hazardous items,... We have tried to cover all of your storage requirements!

The included fixing kit makes installation easy and straight forward.
